

CAST ROOT WALL BALL

Silver Leaf, White, LG

Made of composite in a mix of silver leaf and glossy lacquered white finishes, the Large White Cast Root Wall Ball is the blingy cousin to the wood pieces we offer. It has been molded in this modern material into exact replicas of the ones honed from felled root balls, though it is far cooler, as the contemporary slickness of the finishes means it is a perfect white and silver sculpture for pared-down spaces. We also offer it in this color combination in small and medium sizes.
