

CROCODILE SKULL

Black/Gold Leaf

The Crocodile Skull Gold Sculpture brings a room all of the exoticism the big game hunter has been afforded throughout history without having to spend time schlepping through the Everglades! Plus, there's no guilt for the non-hunter with our toothy gold and black sculpture, as it is made of composite in gold and black finishes. We've added a hint of glint to this jaw-dropping decorative accent by covering the crocodile's teeth and snout in gold leaf. We also offer this sculpture in a Roman stone and silver/black versions. Each of these decorative accessories reflects the ethos that the Phillips Collection personifies: modern organic.
