

SQUARE ROOT WALL ART

Liquid Silver

The Cast Naturals Collection highlights our skills at taking an innovative material and making it feel as if it sprang from Nature. The Square Root Liquid Silver Wall Art is made of composite that has been molded to look like a piece of harvested wood it took nature ions to create, then finished in liquid silver. The advantage of having a decorative accessory made from this durable material is that it will long outlast its natural counterparts pulled from the forest floor. This piece of wall art is the perfect representation of the Phillips Collection ethos: modern organic. We have Square Root products in a number of configurations and finishes.
