

ABYSS CAST ROOT COFFEE TABLE WITH GLASS

Silver Leaf

When we spot a shape that blows us away, the designers at Phillips Collection are not shy about bringing a bit of bling to elemental symbols we see in the woods. A case in point is our Abyss Cast Root Coffee Table, which is made of composite in a luminous silver leaf finish. This freeform table is cast from a real piece of solid wood. We carefully preserve all the natural details of the original so that this version has the same lines and indentations still intact. We lovingly source our wood and find pieces we believe will be both functional and beautiful.
