

CHULETA WALL TILE

Chamcha Wood, SM

The perfect example of how we use even the smallest pieces of natural wood we source, the Chuleta Small Wall Tile is a piece of wall art created from a slice of chamcha wood that many product designers would see as useless castaways. The warmth of the wood and the texture of the grain makes this an elemental introduction to a space. We also have bar tables in this family of products. All of these personify the modern organic ethos for which Phillips Collection is renowned.

Size	13x2x13"h (14x3x14"h packed)
