

MESH WALL ART

Opposites attract in the composition that we call the Mesh Wall Art. This results from the juxtaposition of dark and light finishes on the metal wall sculpture and the mix of smooth dark surfaces and textural light surfaces with their heavy dose of patina. It's large enough to be a focal point over a fireplace or buffet. The wall piece is made of iron but it's not overly heavy thanks to the lightness of the elements our artisans brought together. The abstract qualities intermingled with the contemporary feel of this piece exemplifies the Phillips Collection ethos of modern organic.
