

## TEAK WOOD CONSOLE TABLE

Iron Sheet Top

We at Phillips Collection are known for our furnishings in personable wood that we responsibly source from the jungles of Asia. The Iron-Topped Teak Console Table has a base we've rescued from being one of Nature's finest castaways by making it into an elemental design statement. Several design distinctions of note on this wood and metal console table are the natural graining on the surface of the wood, the base's organic shape, and how perfectly the iron top cantilevers from the wood block. The console table reflects the ethos that Phillips Collection personifies: modern organic.
