

VESTED FEMALE SCULPTURE

Small, Chamcha, Natural, White, Gold

The human figure has been whittled down to its most minimal form to bring the Small Vested Female Sculpture a contemporary cleanness. Extending from a minimalist metal base, the ivory sculpture is carved from solid chamcha wood that has been painted and treated to a textured etching. There are several sizes of this wood sculpture and we also offer a male version. Each of these are serene and charming sculptural accents for any space, which makes them a perfect fit for Phillips Collection's modern organic ethos.
