

## FLOATING COFFEE TABLE ON ACRYLIC LEGS

Gray Stone, Size Varies

With acrylic legs that all but disappear, the plank top of our Floating Round Gray Coffee Table seems to levitate. Made of chamcha wood covered in a gray stone finish, the top has tremendous personality given the finish adheres to the rises and falls in the woodgrain it covers in textural complexity. We offer the Floating tables in a number of finishes, including natural and gray, and sizes, including console tables, side tables, and coffee tables—several with organic edges that mimic the shape of the original trees. Each of the offerings in this collection reflects the ethos that Phillips Collection personifies: modern organic.
