

SEAT BELT DINING CHAIR

Green/Brown

This contemporary seating collection by award-winning Thai designer, Nuttapon Charoenkitivarakorn, is inspired by the intertwining spools of fabric upon a visit to a seat belt factory. Nuttapon's striking chairs are easily recognizable by the braided backside and stiletto profile. The straps are woven on a frame made of wood that is reinforced with metal. The two-toned fabric playfully reveals a touch of color while maintaining a sophisticated style. Available in many colors ranging from black, white, grey to bolder colors like purple, red and lime green. Custom color matching available for quantities of 24 or more. Also available in a rocker and ottoman.
