

STALAGMITE WALL ART PLATED BRASS

Set of 3, Assorted Size and Shape

One of the smartest ways to bring Nature indoors is to introduce aged pieces of stone to a space, as each will become textural sculptures in any vignette. Our Stalagmite Brass Wall Art Set has tremendous character that we have enhanced by covering the surface with plated brass. These wall sculptures are assorted so the pieces contained in each set will be varied, which makes the decorative objects unique. The organic shapes and the spritzes of metal make these ideal for the modern organic ethos for which Phillips Collection is known.
