

ABSTRACT MALE SCULPTURE ON STAND

Black/Silver, Aluminum

The Abstract Male Silver Sculpture will add instant sophistication and texture to any room in a home. Capturing the characteristics of the nude body has been a fascination for some of the world's most lauded artists with styles as diverse as Auguste Rodin and Constantin Brancusi. Made of metal in a silver finish with black patina, this silver decorative accessory has a stippled surface and patina to make it read as strikingly vintage. This decorative sculpture will look just as beautiful atop a stack of coffee table books as it will slid into a shelf. We also offer a female version of this sculpture for a perfect tabletop duo, both of which reflect the ethos that Phillips Collection personifies: modern organic.
