

PUZZLE BLOCKS COFFEE TABLE

Black/Silver, Aluminum

The Puzzle Blocks Coffee Table has been forged from metal to look as if sections of it were snapped into place like a Rubik's Cube. Once its profile was set, our finish artisans gave it added patina with a mix of black and silver finishes. This is one of our products that would look so handsome in an industrial chic interior or an urban loft. We also offer sculptures in this family of products, each of which reflects the ethos that Phillips Collection personifies: modern organic.
