

TEAK SLICE STOOL

Square

With exquisite craftsmanship, we have rescued the scrap pieces of teak wood that are hand assembled to create the Teak Slice Square Stool from being one of Nature's finest castaways. Though the shape is simple, the complexity of the parts that make up the whole illustrates the talent of our craftspeople. When a hint of texture is desired, this wood stool will bring it; it is also fitting for a number of design styles, including contemporary, modern farmhouse, and industrial chic. There are a number of furnishings and accessories in the Teak Slice collection.
