

## BUBBLE GLASS BOWL

### SM

Made of glass with a turquoise sheen, the Small Bubble Glass Bowl is stamped with a flowing pattern that is created when molten glass is laid onto a surface covered with stones, then folded into its fluted shape. The rocks create varying sizes of impressions that bring this decorative bowl its bubbly personality. The versatility of this decorative accent is one of its charms: place it on a large kitchen island and fill it with dried artichokes or line several of them on a dining room table to form a lovely centerpiece. A design aspect of note is how the fluted edges were folded to form its profile, which is the perfect representation of the Phillips Collection ethos: modern organic. We offer a number of furnishings in the Bubble Glass family of products.
