

BUBBLE GLASS DISH

Made of glass with a turquoise sheen, the Bubble Glass Dish is stamped with a flowing pattern that is created when molten glass is laid onto a surface covered with stones. The rocks create varying sizes of impressions that bring this decorative dish its bubbly personality. The versatility of this decorative accent is one of its charms: place it on a large kitchen island and fill it with dried artichokes or line several of them on a dining room table to form a lovely centerpiece. A design aspect of note is how the fluted edges were created by the bumpy surface of the stones, which is the perfect representation of the Phillips Collection ethos: modern organic. We offer a number of furnishings in the Bubble Glass family of products.
