

CARVED LEAF SCULPTURE

With exquisite craftsmanship, we have rescued the reclaimed teak wood that our artisans have fashioned into winsome leaves from being one of Nature's finest castaways and made it into an elemental design statement. The Carved Leaf Sculpture holds three lovely leaves affixed to arching wires that extend from a minimal base to look as if they are waving in the wind. The size of the wood sculpture is impressive, which will make it a commanding decorative accessory in a space. The contemporary sculpture reflects the modern organic ethos that Phillips Collection personifies.
