

TEAK PUZZLE CONSOLE

We call this table the Teak Puzzle Console Table because the top is made of slices of teak that have been carved to fit into a rectangle like puzzle pieces. The natural teak wood that is fitted onto a stainless steel frame has a beautiful warmth to it. It is the perfect example of how we at Phillips Collection rescue remnants of wood from being Nature's finest castaways by making them into elemental design statements. The clean lines of the frame and the asymmetrical flow of the wood pieces illustrates our ethos of modern organic.
