

STALAGMITE SCULPTURE

Metal Stand

Phillips Collection wholeheartedly believes that Nature itself is planet Earth's ultimate craftsman, and our Stalagmite Sculptures are living proof that this belief holds true. Made from natural stone, these organic works of art can take from hundreds up to millions to form and wildly vary in shape and size. Rather than spelunking through the dark and dangerous caves of the world to get a view of these natural wonders, you can now appreciate them the comfort of your own home and proudly present them for others to see.
