

CAST ERODED WOOD CIRCLE ON STAND

Silver Leaf, Assorted

Bring an immediate sense of seriousness to a room with the Cast Eroded Wood Fragment Sculpture. Though it is made of composite, it imitates a relic so convincingly, it could have been pulled from the smoky ruins of a bygone volcano. The mix of silver leaf and black finishes help amplify this ruse, which reflects the ethos that Phillips Collection personifies: modern organic. We offer a similar shape in this collection of table sculptures and several wall tiles, as well.
