

## COLOSSAL CAST STONE BENCH

U Shaped Seat, Roman Stone

Creating a sculpture from an innovative material that looks like an artifact is no small feat. Making it so interesting that it will look just as smashing in a contemporary home as it will in a traditional one is even more of a challenge. The fact that we've lived up to both is why we say that the ethos of the Phillips Collection brand is modern organic. Made of composite in a Roman Stone finish, the Formations U-Shaped Seat will convincingly declare you've snapped it up from an archaeological dig and placed it in that perfect spot to make a statement. We offer a number of sculptures and seats in our Formations Collection.

Size	60x16x49"h (64x21x54"h packed)
Weight	112 LBS (175 LBS packed)
Material	Resin
Finish	Roman Stone
