

SPLASH BOWL

Oxidized Copper Finish

Though it is made of composite rather than metal, the Copper Splash Bowl is a fluted decorative vessel that looks as if it has been created with molten magic. The sculptural decorative accessory can be filled with any number of ornaments to make it more festive, but the intricate tracery on its surface makes it just as beautiful when left unfilled. We also offer this design in silver and gold finishes, and the Splash Bowls are available as sculptures that project from the wall. These explosive patterns reflect the ethos that Phillips Collection personifies: modern organic.
