

## LOG SIDE TABLE

### Charcoal Stone

Imitating Nature is one thing, but bringing the elemental symbols we see in the woods a hint of sophistication is a passion for us at Phillips Collection. Case in point is our Log Charcoal Stone Side Table, which is made of composite in a Charcoal Stone finish. Cast from a real log, this tree-trunk side table in our Cast Naturals Collection personifies our ethos of modern organic. By treating the surface of this log side table to such a dusky finish, we've created a piece that reads authentically. Just imagine how perfectly the gray side table will fit into the décor of an industrial chic loft or a riverside retreat! We have a number of tables and decorative pieces in varied finishes in this family of products.
