

## ELONGA PLANTER

Natural Weave, SM

The natural rope wrapped around the exterior of the Elonga Small Natural Weave Planter convinces the eye that this tall planter with contemporary lines is fully woven but it's fashioned from composite, which our talented finish artisans have given an earthy feel by painstakingly wrapping it by hand. This means it will far outlast any tan planter made fully from a natural material. The combination of texture and a clean profile makes this piece a shoe-in for the Phillips Collection ethos, which we call modern organic. We offer several finishes and sizes of this design.
