

CLOUDS WALL ART

Resin, Faux Bois Finish

Like an artful arrangement of clouds floating in the stratosphere, the Clouds Beige Wall Art has a complex profile that will be the perfect asymmetrical decorative accent on any wall in a home. Made of composite in a faux bois finish, this version of Clouds would look stunning on a dark surface given the depth achieved with the circlets stacked at random. The rings that are pressed into its surface bring it a hint of texture. We also offer the Clouds Wall Art in a gold leaf finish, and in wood in a bleached finish and a gray stone finish. These decorative sculptures for the wall reflect the ethos that the Phillips Collection personifies: modern organic.
