

## SQUARISH PLANTER

SM

It's as if an artisan took a palette knife and playfully layered clay onto the surface of the Squarish Small Planter. Though the ivory planter is made of composite in a stone cast finish, no one will be the wiser that it's not made of a natural material culled from the earth. Place it indoors for its beauty and outdoors for its strength. The surprising modern material from which it is made and the random pattern on its exterior makes it a perfect illustration of the ethos that Phillips Collection personifies: modern organic.
