

## FREEFORM BENCH

Bronze

When we spot a shape that blows us away, the designers at Phillips Collection are not shy about borrowing it and creating a piece of furniture that mimics elemental symbols we see in the woods. Case in point is our Freeform Bronze Bench, which is made of composite in a polished bronze finish. Cast from one of our favorite Origins pieces of wood, this tree-trunk bench personifies our ethos of modern organic. By treating the surface of this tree root bench to such a warm finish, we've created a personable piece for any number of interior styles. Just imagine how perfectly it will fit into the décor of a ski chalet or a homey lake cottage! We also offer the table in several sizes and in a number of finishes that are equally stunning.
