

HABI WALL ART

Colossal

Natural fibers finely woven into a looping composition make the Colossal Habi Wall Art an elemental introduction into a space. The copper and rust hues effervesce in the light and contrast the black accents that are sprinkled throughout the work of art. The fibers are secured to a wood and metal frame. This is a sizable wall piece at 132-inches wide by 82-inches high. If that's larger than your wall space, we offer it in a smaller size. Both of these reflect the ethos that Phillips Collection personifies: modern organic
