

SQUARE ROOT CAST COFFEE TABLE

With Glass

The Cast Naturals Collection highlights our skills at taking an innovative material and making it feel as if it sprang from Nature. The Square Root Large Silver Coffee Table is made of composite that has been molded to look like a piece of harvested wood it took nature eons to create, then finished in silver leaf. The advantage of having a coffee table made from this durable material is that it will long outlast its natural counterparts pulled from the forest floor. This square coffee table, which comes with a glass top, is the perfect representation of the Phillips Collection ethos: modern organic. We have Square Root products in a number of configurations and finishes.
