

## BARK COFFEE TABLE

Bronze

Imitating Nature is one thing, but bringing the elemental symbols we see in the woods a hint of panache is a passion for us at Phillips Collection. Case in point is our Bark Bronze Coffee Table, which is made of composite in a warm bronze finish. Cast from a real log, this tree-trunk coffee table personifies our ethos of modern organic. By bringing the surface of this log coffee table such depth, we've created a chic piece for modern farmhouse, traditional, and transitional interiors. Just imagine how perfectly it would fit into the décor of a cabin in the woods or a ski chalet! We also offer the Bark Coffee Table in a silver leaf finish that is a luminous juxtaposition to the depth of the bronze version.
