

BROKEN EGG COFFEE TABLE

White and Gold Leaf

The Broken Egg Coffee Table is one of a number of products in the Broken Egg Collection of decorative accessories, furniture, and wall art, which was realized when Phillips Collection collaborated with the talented designer Dann Foley. Made of composite with a luminous gold leaf top, the fluted edge of the pearl white exterior is a design move of note, as it cleverly imitates the furrowed edges on the decorative bowls, vase, mirrors, and wall art. The dash of whimsy that this design detail brings to this gold coffee table adds personality to the clean contemporary style of the piece without interrupting its modern lines.
