

JULIAN VASE

Copper Top Coat

The Julian Copper Vase is a copper-colored vessel in a flared flask shape that is made of composite in a luminous copper finish. The decorative accessory will shine even when flowers are absent thanks to its brilliant surface. We offer the Julian in three finishes, which makes them even prettier when grouped. Combining the copper Laura and Katha vases with this version of the Julian also creates a powerful arrangement. All of these reflect the ethos the Phillips Collection personifies: modern organic.
