

BROKEN EGG BOWL

White and Silver Leaf

The Broken Egg Shallow Silver Bowl is one of a number of products in the Broken Egg Collection of decorative accessories, furniture, and wall art, which was realized when Phillips Collection collaborated with the talented designer Dann Foley. Made of composite with a luminous silver leaf interior and pearl white exterior, this decorative bowl will shine from its spot in any room. Though it is a brilliant decorative bowl on its own, it is remarkably versatile: fill it with clear glass balls to create an elegant display atop a stack of coffee table books on a foyer table or a library shelf. Silver ornaments bring it a festive mood to make it perfect for holiday decor. We also offer the decorative bowl in a gold leaf version.
