

SPUN WIRE VASE

Bronze, SM

Making the Spun Wire Small Bronze Vase the centerpiece of a buffet table or of a vignette on a lovely foyer table is a smooth move. Will guests realize the decorative accessory is made of composite in a bronze finish rather than a container that has been painstakingly wrapped in wire? It's anyone's guess given how authentically metallic the tall vase appears. The ruse perfectly illustrates the Phillips Collection ethos of modern organic. We offer this design in a larger size.
