

## LLOYD AND LOTTIE SCULPTURE

Extra Small, Resin, Roman Stone

The contemporary profile of the two sculptures in the Lloyd and Lottie Roman Stone Sculpture Set have a mid-century modern vibe. Made of composite in a Roman stone finish, the off-white sculptures, which have a ruddy surface that makes them appear as if they have been forged from hammered metal, were designed by Raymond Waites. The pair will add panache to a display with other decorative accessories on a side table, a foyer table, or a library shelf. We also offer these sculptures separately, singly in bronze, white silver, and liquid silver finishes, and as wall sculptures in bronze and silver finishes. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
