

BARCODE COFFEE TABLE

Mahogany, Stainless Steel

Cuts of wood are grouped together in a staggered arrangement to give the Barcode Coffee Table a wonderful sense of depth and dimension. Nested within the legs of the table is an intricate recessed stainless steel inlay that provides an elegant juxtaposition to the dark, rustic wood adorning the frame of the chair. The table top is constructed of solid marine plywood that presents a cloudy off-white color which pulls the piece together to create a chic, functional piece. The Barcode Collection also includes a selection of club chairs with black or white cushions, with each piece representing the Phillips Collection ethos: modern organic.
