

BROKEN EGG MIRROR

Silver Leaf

The Broken Egg Silver Mirror is one of a number of products in the Broken Egg Collection of decorative accessories, furniture, and wall art, which was realized when Phillips Collection collaborated with the talented designer Dann Foley. Made of composite with a luminous silver leaf frame, the fluted edge is a design move of note, as it cleverly imitates the furrowed edges on the decorative bowls, vase, and wall art. The dash of whimsy that this design detail brings to this silver decorative mirror adds personality to the clean contemporary style of this piece without interrupting its modern lines. We also offer this mirror in a gold version.
