

TURBO PLANTER

Aluminum and Black

The undulant pattern etched into the Turbo Small Striped Planter convinces the eye that this flared planter with contemporary lines is made of clay and metal but it's fashioned from composite, which our talented finish artisans have given a dynamic feel. This means it will far outlast any aluminum and black planter made from a natural material. The combination of texture and a clean profile makes this piece a shoe-in for the Phillips Collection ethos, which we call modern organic. We offer several sizes of this design.

Size	16x16x12"h (17x17x14"h packed)
