

MANDO PLANTER

Gel Coat White, LG

The tortoise-shell pattern etched into the Mando Large White Planter convinces the eye that this tall planter with contemporary lines is made of clay but it's fashioned from composite, which our talented finish artisans have given a crisp feel. This means it will far outlast any white planter made from a natural material. The combination of tone-on-tone texture and a clean profile makes this piece a shoe-in for the Phillips Collection ethos, which we call modern organic. We offer several finishes and sizes of this design.
