

TRIFOIL SCULPTURE

Bronze

An infinite loop becomes a dimensional sculpture in a trefoil form. We have named it the Trefoil Large Bronze Sculpture. Cast in artisan-grade composite, the bronze decorative accessory is finished in real bronze powder to make the sculpture feel like it is made of cast bronze. We've placed it atop a minimal base to give it greater stature. We offer the Trefoil in a smaller version on a cube base. Each of these personifies the Phillips Collection ethos of modern organic.
