

ALON PLANTER

Gel Coat White

The rippling pattern carved into the surface of the Alon Large Round White Planter convinces the eye that this decorative planter with contemporary lines is made of clay but it's fashioned from composite, which our talented finish artisans have given a crisp feel. This means it will far outlast any white planter made from a natural material. The combination of texture and sheen makes this piece a shoe-in for the Phillips Collection ethos, which we call modern organic. We offer several shapes and finishes of this design.
