

BROKEN EGG WALL ART

Black and Gold Leaf, Set of 4

The Broken Egg Black Wall Art Set is one of a number of products in the Broken Egg Collection of decorative accessories, furniture, and wall art, which was realized when Phillips Collection collaborated with the talented designer Dann Foley. Made of composite with a luminous gold leaf interior and black exterior, this set of decorative wall sculptures will shine from its spot on any wall. The note of whimsy the fluted edges brings to these black decorative sculptures add personality to the contemporary pieces without interrupting their modern lines. The varying shapes of the openings make this set of decorative sculptures extra sophisticated as a gallery-wall installation. We also offer sets with silver and gold interiors with white exteriors.
