

## CAST ROOT METAL FRAMED CONSOLE TABLE

Resin, Brown

When we saw how dynamic our framed natural wood consoles looked, we knew it was time to cast a beautiful piece of teak root from composite and encase it in iron. Both sides of the Cast Root Framed Brown Console Table are finished and unique so you can place it so it's seen from both sides. This version of the root console table is in a brown finish with darkened sections that bring authenticity to the surface. We also offer it in gold leaf and silver leaf, each of which is the perfect representation of the Phillips Collection ethos: modern organic.
