

CAST ROOT METAL FRAMED CONSOLE TABLE

Resin, Silver Leaf, LG

When we saw how dynamic our framed natural wood consoles looked, we knew it was time to cast a beautiful piece of teak root from composite and encase it in iron. Both sides of the Cast Root Framed Silver Console Table are finished and unique so you can place it so it's seen from both sides. This version of the root console table is in a silver leaf finish that will bring ample bling to a space. We also offer it in a brown/black finish and in gold leaf, each of which is the perfect representation of the Phillips Collection ethos: modern organic.
