

MERCURY MIRROR

Black, Gold Leaf

The otherworldly pattern that flows along the frame of the Mercury Round Black Gold Mirror makes a statement in its randomness, mimicking the surface of some far-away planet but with much greater style. Made of composite in a intermingling of black and gold leaf finishes, a design detail of note is how the decorative mirror's frame is fluted where the gold pattern flows along it. This round mirror reflects the ethos that Phillips Collection personifies: modern organic. We also offer this design in a square version and in round in silver.
