

BEAU CAST ROOT CONSOLE TABLE

Bronze

The Cast Naturals Collection highlights our skills at taking an innovative material and making it feel as if it sprang from Nature. The Beau Cast Root Console Table is made of composite that has been molded to look like a piece of harvested wood that took Nature eons to create, then finished in Bronze. The advantage of having a console table made from this durable material is that it will long outlast its natural counterparts pulled from the forest floor. This bronze console table perfectly represents the Phillips Collection ethos: modern organic. We have Cast Root products in a number of configurations and finishes.
