

ALEXA PEDESTALS

Set of 3

Among our contemporary offerings, the Alexa Pedestal Set includes three pedestals at differing heights that make them perfect for grouping, whether they are topped with sculptures or left unadorned. Made of wood, which we've painted a sleek black, the subtle cinch in the middle creates a simple geometry to make the black pedestals sophisticated elements in any space. The fact that they are both classic and contemporary reflects the Phillips Collection ethos of modern organic.
