

FLOATING CONSOLE TABLE, ACRYLIC LEGS

With acrylic legs that all but disappear, the plank top of our Floating Large Natural Console Table seems to levitate. Made of chamcha wood that we have left natural, the top has tremendous personality given the beautiful color gradations in the woodgrain, which has a textural complexity to it. We offer the Floating tables in a number of finishes, including natural and gray; and sizes, including console tables, side tables, and coffee tables—several with organic edges that mimic the shapes of the original trees. Each of the offerings in this collection reflects the ethos that Phillips Collection personifies: modern organic.
