

ATLAS CROSS CUT MIRROR

Small, Half Man, Right

The Pointing Figure Cross Cut Mirror is a round decorative mirror made of chamcha wood ornamented with a whimsical metal figure in a bronze finish. Because this piece is crafted from natural solid wood, color and woodgrain character may vary, adding a unique personality to your piece. The Atlas Collection, which reflects the ethos that Phillips Collection personifies—modern organic—has a storied namesake. In Greek mythology, Atlas was the Titan god of endurance whom Zeus tasked with holding up the celestial heavens for eternity. We've taken a piece of chamcha wood that would have been one of Nature's castaways and made it into an elemental design statement. We offer the Cross Cut Mirrors with five different figures, which makes them perfect for a gallery wall installation.
