

WATERFALL DESK

Natural, Acrylic Leg

The Natural Waterfall Desk has a split personality—the flowing lines of the reclaimed chamcha wood that make up the top and side are rough-and-ready while the clear acrylic panel that forms its leg is sleek. Combining woodgrain with barely there material and clean lines brings this wood desk a tension that will make a serious design statement in any space. In the age in which many of us are working from home, it makes sense to treat ourselves to a personable workspace help mate. We offer the Waterfall in several design styles, each of the home-office desks reflect the ethos that Phillips Collection personifies: modern organic.
